Overview
The Converse Fellowship supports graduate research on terrestrial plants in Mexico. Fellowships will be granted for field-oriented studies. Both research and research-related travel expenses are appropriate. Awards may be made for one quarter (maximum stipend $7,500) or for one academic year (maximum stipend $22,000) and may be received more than once.

Eligibility
To be eligible, applicants:

- Must be UCSB graduate students with financial need; domestic students must file the FAFSA.
- Must be registered on approved Leave of Absence during Spring 2018
- Must not be beyond normative time or time-to-degree standards and must not have P3 status during any quarter of the funding period
- Must not hold an active multi-year central fellowship package (e.g. students in a departmental appointment year of a multi-year award); must be in academic good standing at the time of nomination.
- Supportable areas of research are in one or more of the following areas with a strong preference for research in Mexico: systematic, floristic, vegetational, ecological and phytogeographic botany studies.
- Some applications will also be considered for research in botany in other areas; applicants may describe such studies in the project description.
- Activities not suitable for award include travel to increase familiarity with Mexico, photographic excursions and general plant collecting.

Award Determination
Awardees will be determined based on applicant’s merit, need and appropriate intent of the project. Graduate Division will mail notifications of award status to applicants by May of the current year.

Support
This award provides a stipend for one quarter or for one year plus payment of in-state tuition and UC health insurance. Please note that nonresident supplemental tuition will not be provided. Departments may supplement with any combination of appointments up to an average of 35% time during the academic year.
